OFFICE OF PETITIONS

Applicant: Quinones et al
Appl. No.: 10/510,680
Filing Date: May 20, 2002
U.S. Patent No.: 7,192,978
Issue Date: March 20, 2007
Title: PYRROLIDINIUM DERIVATIVES
Attorney Docket No.: 09605.0003
Pub. No.: US 2005/0282875 A1
Pub. Date: December 22, 2005

This is in response to the "Request for Corrected or Revised Patent Application Publication under 37 CFR 1.221(b)," which was received on February 22, 2006, for the above-identified application.

The request is DISMISSED as moot.

37 CFR 1.221(b) is applicable "only when the Office makes a material mistake which is apparent from Office records." A material mistake must affect the public's ability to appreciate the technical disclosure of the patent application publication, to determine the scope of the patent application publication, or to determine the scope of the provisional rights that an applicant may seek to enforce upon issuance of a patent.¹

Since the application has already issued as U.S. Patent No. 7,192,978 on March 20, 2007, the request is deemed moot.

Inquiries relating to this matter may be directed to Mark Polutta at (571) 272-7709.
